3. Supervisory Activities of the Board of Directors over the Executive Board

In 2024, the Board of Directors effectively supervised and provided timely support for the production and business operations of the Executive Board, ensuring the Company's activities complied with the provisions of the law, national defense, the Company's Articles of Association, and internal regulations. The Board also enhanced risk management, sought out and capitalized on new business opportunities, improved product quality, and increased the competitive strength of the DM7 brand in the market.

The Board of Directors successfully organized the 2024 Annual General Meeting of Shareholders, approving the 2024 business plan and other contents under the authority of the General Meeting of Shareholders.

The Executive Board actively and proactively managed operations, closely following and strictly implementing the resolutions of the General Meeting of Shareholders and the Board of Directors. It directed departments and units to devise measures in production to achieve the business targets for 2024. Monthly market forecasting and information sharing were promptly conducted for the units. Efforts to develop and enhance product quality were focused and intensified. Inspection and control of production activities at the units were conducted regularly and strictly, in compliance with regulations.

4. Activities of Sub-committees under the Board of Directors: None
